

# CHIC

## General Product Specification

|                      |                        |
|----------------------|------------------------|
| Product group        | Polyester velvet woven |
| Composition faceside | 100%PES                |
| Composition backing  | n/a                    |
| Coating              | Transparent            |
| Material Weight      | 720 g/lm               |
| Tariff No.           | 58013700               |
| Minimum usable width | 138 cm                 |
| Roll length          | 35 mtr                 |
| Number of colors     | 16                     |

## Picture

CHIC (FR Coll.)

## Product Specific Properties:

- strong fabric, suitable for intensive use
- cloudy aspect
- meets the Standard BS5852 Cigarette&Match
- full and dry grip
- slub effect

## Information about the Productgroup:

This is a collective name for all fabrics in which fibres are woven into the base fabric. This production method gives the fabric a high abrasion resistance and consists of 100% synthetic fibre, in this case polyester. Velour is suitable for intensively used furniture and as a result of the high pile density the fabric has a pleasant, soft and full feel to it.

## Test specifications:

|  |   |
|--|---|
| Abrasion resistance<br><i>EN ISO 12947 1 &amp; 2</i> | <b>&gt; 100000</b> cycles till yarnbreakage<br>Martindale               |
| Pilling resistance<br><i>EN ISO 12945-2</i>          | class <b>4-5</b><br>2000 Rubs   |
