

# Partner

# Partner

Partner is a nice luxurious quality upholstery textile, woven on a jacquard loom and part of our Textaafoam Performance Collection. The performance collection only consists of fabrics that meet the highest standards in durability and maintenance, making them long lasting, easy to clean and suitable for every type of upholstery.

Due to the properties of the yarns used for Partner, stains hardly have any chance and can easily be taken

Due to the properties of the yarns used for Partner, stains hardly have any chance and can easily be taken away with nothing more than a damp cloth. No wonder this article meets all requirements of our Easy Clean Collection; www.picobello-fabrics.com.

Partner combines virgin and recycled polyester yarns. This yarndyed, blended textile looks authentic and has a continuous high market demand. Our development team added several contemporary colours creating a wide range of timeless colours! All modern and with an intensity varying multicoloured aspect to meet every style.

Due to the rough construction of Partner, we recommend a minimum seam allowance of 1 cm. Kindly note that extra overlocking of the seam provides much more stability, especially with tight upholstered furniture. For loose fitted upholstery models, please know that Partner is machine- washable at 30 degrees Celsius\*.

During usage, a certain hairiness may appear, kindly note that this can be taken away with a pilling razor. This has no further influence on the durability and lifecycle of this luxurious textile. Will this textile be your new Partner?

- Always be careful with sharp or rough objects such as watches, buckles, or velcro, as they may damage the fabric.
- When a loop does occur, it can be easily pushed back into the fabric with a blunt object.
- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing

**Textaafoam originals** Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.
